MINUTES LIBERAL STUDIES COMMITTEE January 23rd 2020 2020

o Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.

Motion to recommend PROVISIONAL APPROVAL of CHEM 101. Motion carried.

- CHEM 102 College Chemistry II —Liberal Studies (Natural Science Labortory Course) revised to map SLO to the EUSLOs and include an assessment tool
 - O Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.

Motion to recommend PROVISIONAL APPROVAL of CHEM 102. Motion carried.

- CHEM 111 General Chemistry I —Liberal Studies (Natural Science Labortory Course) revised to map SLO to the EUSLOs and include an assessment tool
 - o Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.
 - O Missing SLO #3 in the Liberal Studies section that describes how the outcome will be assessed.

Motion to recommend PROVISIONAL APPROVAL of CHEM 111. Motion carried.

- CHEM 112 General Chemistry II —Liberal Studies (Natural Science Labortory Course) revised to map SLO to the EUSLOs and include an assessment tool
 - O Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science
 - Not clear SLO #2 maps to EUSLO #15 intellectual honesty. Suggest mapping to EUSLO #9 problem solving

o Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.

Motion to recommend PROVISIONAL APPROVAL of CHEM 114. Motion carried.

- CHEM 105 The Forensic Chemistry of CSI —Liberal Studies (Natural Science Non-Labortory Course) revised to map SLO to the EUSLOs and include an assessment tool
 - o Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.
 - O Remove reference of grade as an assessment tool. Mention instead the activity the students would be doing.

Motion to recommend PROVISIONAL APPROVAL of CHEM 105. Motion carried.

- SCI 107 Chemistry for Everyone—Liberal Studies (Natural Science Non-Labortory Course) revised to map SLO to the EUSLOs and include an assessment tool.
 - o Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.
 - o For SLO #1 change the action verb to demonstrate the molecular... and for SLO #2 change the action verb to calculate quantitative

Motion to recommend PROVISIONAL APPROVAL of SCI 107, Motion carried.

- SCI 117 Chemistry for Everyone—Liberal Studies (Natural Science Labortory Course) revised to map SLO to the EUSLOs and include an assessment tool
 - o Remove Liberal Studies Elective designation. These courses are being used to fulfill Knowledge Area: Natural Science.
 - o For SLO #2 change the action verb to calculate quantitative

Motion to recommend PROVISIONAL APPROVAL of SCI 117. Motion carried.
