Rationale for Proposed Changes	
(A) Why is the program being revised?*	To better reflect our course offerings and our institutional accreditation with the National Association of Schools of Art and Design.
(C) Implications of the change on the program, other programs and the Students:*	Changing the departmental name to the Department of Art and Design will bring greater visibility to our offerings in Graphic Design, which is the largest program within the Department. This name change has high potential to attract new cohorts of students. Impact on other programs should be minimal. The name change will necessitate a revision of the departmental description in the course catalog. Please see the attached document to view the current and proposed catalog descriptions.
