Pricing and output decisions by physicians, hospitals, and other health agencies will be considered along with other current policy issues.

Description of Proposed Change:

This is currently a three-credit course. We propose making it a one-to-three credit course.

If offered as a one-credit (two-credit) course, the instructor will meet the class one-third (two-thirds) of the normal hours and present about one-third (two-thirds) of the normal material. Since some subjects normally covered in this course might be of more current importance than others, the instructor will have the option to determine which subset of topics will be covered in a particular semester. If an instructor wants to offer the course on a one or two-credit basis, the Department Curriculum Committee will review the proposed syllabus to ensure that the amount of material to be covered is appropriate. The Department of Economics will keep the syllabus
