Rationale for Proposal (Required Questions from CBA)

<p>How is/are the instructor (s) qualified in the Distance Education delivery method as well as the discipline?</p>	<p>Dr. Black has previously taught EDSP 102, 376, and 378 as distance education courses using D2L. Dr. Black originally developed the materials for EDSP 378 to be delivered via distance format, so she has experience developing new courses for online delivery.</p> <p>In addition to teaching these courses via distance format, she regularly uses D2L for her traditional courses for housing content information, facilitating communication with students, and administration of exams and quizzes.</p>

<p>How will the instructor-student and student-student interaction take place? (if applicable)</p>
