C7 Does any professional society recommend enrollment limits or parameters for a course of this nature? If they do, please quote from the appropriate documents. The following professional societies for foreign language teachers recommend enrollment limits of 15-20 students for courses taught in the target language: The Association of Departments of Foreign Languages (ADFL) recommends the following: ADFL Guidelines and Policy Statements <u>A DFI reaffirms its nosition that the maximum class size for foreign language</u> instruction in classes where all four skills are equally stressed should not exceed 20. We hold that the optimum class size is 15. In any case, particularly at the elementary and intermediate levels, class size must be small enough to enable--rather than to inhibit--the kind of effective interaction between teacher and students necessary to developing proficiency in the language.
