GS 122 Physical Geology Laboratory is to be deleted.

Justification:

The Geoscience Department has asked that its Physical Geology (GS 121 Physical Geology Lecture, GS 122 Physical Geology Laboratory, and GS 123 Intensive Physical Geology Laboratory) be a course sequence primarily for Geoscience majors/minors although students from other science departments, science education majors, and minors from Anthropology, Geography, and Regional Planning are welcome. "Old" GS 123 Intensive Physical Geology Laboratory is to be replaced by GS 123 Intensive Physical Geology Laboratory.
