

New Minor, Track or Certificate Template

Steps to the approval process:

1. Complete the applicable template(s) and email them to the departmental or program curriculum committee chair.
2. The curriculum chair emails the proposal to the curriculum committee, then to the department/program faculty for a vote and finally to the department/program chair.
3. The department/program chair emails the proposal to curriculum_approval@iup.edu; this email will also serve as

Template F

	course in Infant Toddler Development with a second course proposed. This track will enable students with an interest in this field to focus on developmental issues during these years, including, but not limited to: emotional and social development, mental health, physical development, approaches to learning, language and communication, and cognitive development. The track with all address the role of the family in early care and education.
What role, if any, does it serve the college/university above and beyond the	An Infant Toddler Track through the Child Development and Family Relations Program will be the first program at IUP to focus solely on children from birth to age three and their families to address mental health and developmental issues. This track will be an area where IUP
