2. Additional Course Designations:

Department of Mathematics

track is essential in that it provides a detailed outline for those students who wish to pursue graduate school in Applied Mathematics and to those who will pursue employment in industry. The proposed track makes the Bachelor of Science - Applied Math degree unnecessary.

3. A description of how this change will affect existing courses, programs, etc. and how the deletion(s) will affect students currently enrolled in the program

All courses remain in the same rotation. Students in the current Math and Applied Math degree programs will be able to finish the program as it exists in their catalog.

### **III. Letters of Support or Acknowledgement**

1. None.
