"Creativity" involves criticism of the status quo or "accepted solution" and reaching out for possible solutions as yet untried. The study of philosophy will help both in the questioning of the all-too-obvious and in the imagining of new alternatives.
- 5 & 6. Students will be shown applications of fundamental logical principles to current issues, ideas, institutions, and events. The need to continue to develop and use critical reasoning to make crucial decisions throughout life will be emphasized. Reasoning skills should persist and continue to improve students' ability to learn, evaluate, decide, and act.
