UNIVERSITY OF CALIFORNIA

LIBRARY

1. The first part of the document discusses the general principles of the proposed system. It is intended to provide a clear and concise summary of the main objectives and goals of the project.

2. The second part of the document describes the methodology used in the study. This includes a detailed explanation of the data collection process, the analysis techniques employed, and the criteria used for evaluating the results.

3. The third part of the document presents the results of the study. This section includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend towards improved performance over time.

4. The fourth part of the document discusses the implications of the findings. It highlights the potential benefits of the proposed system and provides recommendations for further research and development.

5. The fifth part of the document concludes the study. It summarizes the key findings and reiterates the importance of the research. The authors express their gratitude to the funding agencies and the participants who made the study possible.

6. The sixth part of the document provides a list of references. These references include the works of other researchers in the field, as well as the primary sources used in the study.

7. The seventh part of the document contains the appendix. This section includes additional data and information that is not included in the main body of the text. It is provided for the reader's reference and to support the findings of the study.

8. The eighth part of the document is the index. This section provides a quick and easy way to find specific information within the document. It lists the page numbers for each section and subsection.

9. The ninth part of the document is the glossary. This section defines the key terms and concepts used in the study. It is intended to help the reader understand the terminology and ensure consistency in the use of language.

10. The tenth part of the document is the bibliography. This section lists the sources of information used in the study. It includes the names of the authors, the titles of the works, and the publication information.

11. The eleventh part of the document is the list of figures. This section provides a brief description of each figure and its location in the document. It is intended to help the reader find the figures they are interested in.

12. The twelfth part of the document is the list of tables. This section provides a brief description of each table and its location in the document. It is intended to help the reader find the tables they are interested in.

13. The thirteenth part of the document is the list of abbreviations. This section defines the abbreviations used in the study. It is intended to help the reader understand the shorthand used in the text.

14. The fourteenth part of the document is the list of symbols. This section defines the symbols used in the study. It is intended to help the reader understand the notation used in the text.

15. The fifteenth part of the document is the list of acronyms. This section defines the acronyms used in the study. It is intended to help the reader understand the shorthand used in the text.

16. The sixteenth part of the document is the list of footnotes. This section provides additional information and references that are not included in the main body of the text. It is intended to provide a more complete picture of the research.

17. The seventeenth part of the document is the list of appendices. This section provides a list of the additional information and data that is included in the document. It is intended to help the reader find the information they are interested in.

18. The eighteenth part of the document is the list of references. This section lists the sources of information used in the study. It includes the names of the authors, the titles of the works, and the publication information.

PART II. DESCRIPTION OF THE CURRICULUM CHANGE

1. Exact Description of what is to be deleted.

PHYS 483 Quantum Mechanics I

2. This inactive course is being deleted to free up the number 483 so that the UWUCC can establish 483 as the university's standard number for undergraduate honors theses.

3. The old PHYS 483 is an inactive course that has not been used since the early

1970s. The course, PHYS 483 Quantum Mechanics I, its removal

will not affect current or future students.
