

Dear Members of the UMLCC:

I am pleased to inform you that the UMLCC has approved the following proposal:

The proposal is to establish a new committee to study the issue of...

The committee will be composed of members from various departments...

The committee will report back to the UMLCC in the next meeting...

I am confident that the committee will provide a thorough and thoughtful analysis...

Thank you for your attention and support.

Sincerely,

Part II. Description of Curriculum Change

1. Catalog Description

New catalog description:

SAFE 335 Industrial and Environmental Stressors 2c-01-2cr

Prerequisites: BIOL 104 or BIOL 155, CHEM 101

Focuses on understanding and applying safety, regulatory, toxicological, environmental, and epidemiological information, data, and models to determine occupational risk from exposure to common industrial and environmental stressors. Also covers product safety risk from consumer exposure to manufactured products. Case studies are an important means
