Part II. Description of Curriculum Change

4. Catalog Description

New catalog description:

SAFE 215 Safety, Health, and Environmental

Prerequisites: SAFE 111, Sophomore standing

Provides the student with the ability to apply the theories of learning and communication to aid them in becoming effective oral and written safety, health, and environmental communicators and trainers. Students design and deliver training programs using modern technology and charismatic engagement tools. Students learn, both in writing and orally, how to use communication skills to convince management and employees to embrace and implement safety initiatives and to communicate with regulators and the public regarding safety, environmental, and health issues. Students

develop a range of written documents, such as safety, health, and environmental policies, procedures and/or programs, inspection and audit reports, and program and risk assessment and exposure reports and then communicate summaries of these documents orally. (Writing-intensive course)

5. Proposed Change

The prerequisite for the course will now include SAFE 111.
