

Student Affairs in Higher Education

Non-IUP Practicum Site Processing Form

In compliance with IUP and State System of Higher Education policies governing field experiences, signed affiliation agreements must be completed before a student can begin credit bearing experience (including SAHE 731: Practicum) with a non-IUP institution or organization. Furthermore, IUP must be authorized to have students complete field experiences in other states. In order to facilitate the completion of these affiliation agreements and insure compliance with the state authorization rules, SAHE students completing non-IUP practicum experiences must complete and submit this form by the dates indicated. This does not replace or change the current practicum proposal process.

Summer Practicum
March 15

Fall Practicum
July 1

Spring Practicum
November 1
